Thanksgiving

In a 1789 proclamation, President George Washington called on the people of the United States to acknowledge God for affording them "an opportunity peaceably to establish a form of government for their safety & happiness" by observing a day of thanksgiving. Devoting a day to "public thanksgiving & prayer," as Washington called it, became a yearly tradition in many communities.

Thanksgiving became a national holiday in 1863. In that year, during the Civil War, Abraham Lincoln made his Thanksgiving Day Proclamation. He asked his fellow citizens "to set apart & observe the last Thursday of November next as a day of thanksgiving & praise...." In 1941, Congress designated the 4th Thursday in November a federal holiday.

Native American harvest festivals have been celebrated for centuries & colonial services date back to the late 16th century. Thanksgiving Day, as we know it today, began in the early 1600s when settlers in both Massachusetts & Virginia came together to give thanks for their survival, for fertility of their fields & for their faith. The most widely known early Thanksgiving is that of the Pilgrims in Plymouth, Massechusetts, who feasted for 3 days with the Wampanoag people in 1621.

Turkey has become the traditional Thanksgiving fare because at one time it was a rare treat. During the 1830s, an 8- to 10- pound bird cost a day's wages. Even though turkeys are affordable today, they still remain a celebratory symbol of bounty. In fact, astronauts Neil Armstrong and Edwin Aldrin ate roast turkey in foil packets for their first meal on the moon.
