

HOSA is a Global/International organization that encourages students to explore careers in the health science professions, provide support to health organizations, learn leadership and teambuilding skills, provide service to community organizations, as well as compete in regional, state and global/international competitions.

Students may complete applications in the Spring of each year for the following school year. Membership to HOSA closes early in September. Students entering R. Dan Nolan HOSA in August, enrolled in the Pre-Medical Program may still join until early September. Membership then closes due to the competition schedule. If you have questions, please email Pam Rahn at [rahnp@manateeschools.net](mailto:rahnp@manateeschools.net) or Michelle Boculac at [boculacm@manateeschools.net](mailto:boculacm@manateeschools.net).
