

MVS Portal Information

Teacher – parent and teacher – student contact information for each course can be found below as well as through the student and parents’ virtual account. Parents are required to create a parent account at the virtual provider’s website portal in order to access student progress and locate teacher contact information. This also includes technical support. Technical support is also offered via phone at 1-800-374-1430 or by going to the [technical support page](#) and finding answers to frequent questions and / submit a help ticket. There is also a live chat feature available.
