

How to Connect to School Bus Wi-Fi (Windows)

- 1) Log on Computer with student ID number and password
- 2) Select the wireless icon in the bottom right hand of the screen. If you don't see it, click the up arrow to show all options as pictured below.

- 3) Select the correct ManateeBusxxx Wi-Fi network (The name without 5G is preferred). The three-digit number at the end of the network name will vary depending on location. Check the box to connect automatically to remember this Wi-Fi network, and then click Connect. Make sure to enter the password exactly as it shows below, as it is case sensitive.
