

SAC Samoset Elementary

January 11, 2022

Attendees: Beth Marshall, April Robinson, Tawanda Means, Jennifer Bue, Stephanie O'Kelly, Peg Lacasse, Diane McCoy

Meeting was called to order by Mrs. Marshall, Assistant Principal. Mrs. Marshall shared about the December Parent & Family Engagement Event and its success. 50 Food bags and Publix gift cards were given away within a half hour, and families enjoyed the activities.

Mrs. Marshall shared the recent CoVid news. With the recent spike in our community the school district has tightened guidelines which includes restricting all visitors and field trips as well as continue to encourage and enforce social distancing and mask wearing (although it is still not mandated). We are finding that MOST of our students WANT a mask, and we have had donors provide child-sized masks so that they can continue wearing them.

Mrs. Marshall shared about the School District's choice period. It officially runs in December, however, we are not over enrollment so students can continue to choice in after that time. We will have at least one Open House to showcase the Cambridge program once the CoVid guidelines are relaxed again. We will continue to post information about Cambridge and Choice on our school website and social media.

Mrs. Marshall referred the 3rd grade criteria for passing to fourth grade and how this is affected by FSA and Good Cause options. She encourages any parent with questions to reach out to her.

She asked if there were any questions or concerns; there were none.

Meeting was adjourned.

Next meeting is Mar. 8, 2022.
