

SAC Minutes

Megan Mimbs

December 10th, 2020

Dr. Menard began our meeting at 4:00 by discussing upcoming trainings. These trainings will be for SRA reading in the decoding book for 4th, 5th, and our Academy, Being A Writer, which we use for our k-3 classrooms, and Texts Sets, which will be used in our 4th and 5th grade classrooms. The trainings will be held for the teachers to complete during the school year. Mr. Flynn was able to give an update on our tutoring that is going on around the school, as well as WINN groups that will be starting in the new year.

As our first half of the year winds down, we will finish up with a picture day on December 15th, and a writing test for k-3 that will take place on the week of the 9th. Furthermore, modality changes for January will be on the SDMC website. We are continuing to do the dress down days, where students can bring in \$2.00 and wear district approved clothing to school instead of their uniform.

Finally, we ended our meeting with discussion of our safety procedures. We have completed our instructional lockdown and fire drills needed for the first half of the year. These drills have been successful, and no concerns were found. Our students are still following all COVID-19 procedures (masks, one-way hallways, desk shields, social distancing etc.) and are expected to do so until the end of the school year. Our next meeting will be February 18th, 2021. The meeting was adjourned at 4:45.
