DISCLAIMER

The Mental Health Services Directory was developed to provide Manatee County parents with community mental health resources that are available for their children. The Manatee County School District does not endorse any one provider over another, and we encourage parents to diligently research potential mental health providers prior to initiating a therapeutic relationship.

This is not a comprehensive list. Providers/Agencies may provide additional resources than what is listed.

Please check with providers regarding insurance, self-pay, and sliding scale options.
