

Dear Families,

We thank you and your family for being our valued partners as we work together to educate the children at Southeast High School. We value input from our community – and we need to hear from your child or children! Students are important partners as we work to improve our communication, academic program and overall experience for everyone.

In order to learn more about student experiences at school, we will be asking for your child's feedback via an online survey they will be completing at school or through the eLearning platform between October 5<sup>th</sup> and 23<sup>rd</sup>. The survey should take no more than 10-20 minutes to complete.

We are asking that all 9<sup>th</sup>-12<sup>th</sup> grade students participate in the surveys, as their feedback will provide invaluable insights into their experiences and how we can improve and adapt our school to their needs. If a student doesn't feel like they have enough information to answer a question, they will be able to skip the item altogether. The results will remain confidential. We are partnering with a third-party vendor, Panorama, to support us in administering these surveys.

The survey content will ask students to self-reflect on the experience of coming back to school during this year and their use of social and emotional skills, such as growth mindset, perseverance, and self-management.

Thank you for your support of the students and staff of the School District of Manatee County and Southeast High School!

Sincerely,

Mr. Pipino

Assistant Principal
