### FOR OUR STUDENTS WHO REGISTERED FOR HOPE FOR THE 19/20 SCHOOL YEAR,

We will be offering HOPE (Health/Personal Fitness) course on campus both as an online option through Manatee Virtual or as a live class with our PE department. Both will fulfil the HOPE graduation requirement. The online version will fulfil the online graduation requirement as well.

In an effort to give you your preferred format of how you will take the course, we would like to offer you an opportunity to email your preference.

Simply email us (directions below) your preference. We will accommodate students as best we can on a first come first serve basis until the courses are full. If we do not receive an email with your preference you will be placed based on availability.

Thank you and have a great summer!
