

G.D. Rogers Garden-Bullock Elementary Telehealth Program

ACCESS TO HEALTHCARE JUST GOT EASIER

MCR Health, in partnership with your child's school, will be offering on-site telehealth care to students who receive parental consent and are enrolled in G.D. Rogers Garden-Bullock Elementary

How it works:

- If your child is sick while at home, you will be able to access the services from home as well *(Please do not bring your child into school if they are sick.)*
- Prescription home delivery available
- If your child becomes sick while at school they can connect virtually with an MCR Provider
- Parent/Guardian may opt-into the virtual visit
- Specialized audio/video equipment will be used to assess the student

The CDC reports that access to telehealth increases time for learning, improves grade-point average, and cuts suspension rates

941-348-1169

Medicaid is accepted. For students with no insurance, sliding scale fees are available for those who qualify and help is available to apply for coverage. Private insurance is also accepted.

All services are provided by MCR Health pursuant to a contract with the Manatee County School District. MCR Health is an independent medical provider and is not affiliated with, funded or controlled by the Manatee County School District.
