Dear Future Business Partner,

We are very excited to extend an opportunity to partner with Prine Elementary School this year. For the past few years, we have been working to establish a strong business partnership program that is a mutually beneficial partnership. We would love to get a chance to speak with you on how we can work together! Below we have identified a list of areas in which your donation can be used and how it will positively impact our students, staff, and school community.

1. **School Instructional Supplies** – We provide staff and students with classroom supplies needed to function daily along with all the extras make learning impactful and memorable. This year our 3-5 teachers are receiving a new reading series, along with all grades getting a new math series and grades K-5 will be fully implementing the new State B.E.S.T. standard. We are looking to provide them with rich literature and learning materials to assist with the implementation of this new curriculum and standards. Any donation, whether it be monetary or actual supplies, is welcomed!
2. **Student Learning Gains Incentives** – We have multiple ways that we monitor student achievement throughout the year- iReady, Benchmarks, Acaletics, grade level assessments, etc. The students work hard all year to reach these goals and we would like to be able to reward students for their hard work shown on these assessments.
3. **Teacher Appreciation** – Our staff spend countless hours, energy, and funds on meeting the needs of our community and your partnership gives us a chance to spoil them back! We would like to be able to do more for them than just the week of staff appreciation such as stocking the lounge, fun drawings or theme days.
4. **Student Needs** – Prine is Title 1 school. Title 1 schools are comprised of a majority of students qualifying for free or reduced lunch and different levels of poverty. Outside of instruction and learning supplies, our students at times also need new uniform clothes, shoes, underwear, socks, toiletries, and other personal effects.

If you feel that you and your employees could in any way help us meet our needs, please fill out the information on the enclosed form and mail or email it back to us. Or you can give me a call and we can speak further about ways we can come together for this partnership. Once we receive the enclosed form, I will finish up the business partnership process in the Partners in Education website.

**What can we do for you? Here are just a few of the services we can provide for your business:**

1. Promote the "Partnership" in school publications
2. Display your business on the fence in front of our school via a banner.
3. Include and acknowledge you in activities at the school during the year (i.e. Marquee rotation).
4. Recognize you at award assemblies.

We look forward to hearing from you and hope that we can make the best Business Partner connection possible. If you feel that you and your employees could in any way help us meet our needs, please fill out the information on the enclosed form and mail or email it back to us. You can also call to speak further about ways we can come together for this partnership. Together we can make a difference in the lives of our children. Thank you for your time and consideration.

Sincerely,

Scott Flynn  
Assistant Principal
