

EARN A FREE BOOK FROM FREEDOM'S

BOOKWORM VENDING MACHINE

I am so excited to announce the kickoff of this year's Freedom Reading Incentive Program for our K-5 students! Last year, our PTO was gracious enough to purchase a book vending machine for our school!

If you are new to Freedom, here is how the program will work:

- Each month, students will receive a reading passport with reading challenges. September's passport is light blue.
- As students complete each challenge, they will get a "STAMP" in their passport during their Media class or during Open Media on Fridays.
- Once the passport is completely full of stamps, I will distribute a gold coin to the student which will get them a free book from the bookworm vending machine!
- Some challenges will require students to read at home and will require an adult at home to initial challenges and reading logs.
- Students will complete other challenges at school; therefore, it is important that students keep their passport in their backpacks to be easily used at home and at school.
- Also, encourage your students to keep a book in their backpack.

Please refer to our school's website or my Freedom Media Center Facebook page for more details and to see pictures. For questions, please email me at carlisles@manateeschools.net or call me at 941/708-4990 x59014.

Signed with much excitement,

Sandy Carlisle
Freedom Media Specialist
