

Hello Freedom Families!!

I am so excited to announce the kickoff of our Freedom Reading Incentive Program for our K-5 students! Our PTO was gracious enough to purchase a book vending machine for our school! We now have it filled with books and are ready for kids to begin working toward earning a free book!!!

Here is how the program will work:

Each month, students will receive a reading passport with reading challenges. As students complete each challenge, they will get a "STAMP" in their passport. Once the passport is completely full of stamps, I will distribute a gold coin to the student which will get them a free book from the bookworm vending machine! Some challenges will require students to read at home and some will require an adult at home to track the minutes/sign the log on the back of the passport. Students will complete other challenges at school; therefore, it is important that students keep their passport in their backpacks to be easily used at home and at school.

Please refer to our school's website or my Freedom Media Center Facebook page for more details and to see pictures. For questions, please email me at carlisle@manateeschools.net or call me at 941/708-4990 x59014.

Signed with much excitement,

Sandy Carlisle
