My personal mission is to foster a love for learning, a desire to achieve your dreams, and a heart to serve our community.

PRINCIPAL CAMPBELL

Welcome to Tara Elementary!

The goal of education is to prepare our children for a brighter future. One common goal we can agree on is to build kind, creative, confident and problem solving individuals. We believe in team work and collaboration for the success of our school community.

We hope to see you on campus. If you would like to be a volunteer helper, please reach out. Please stay actively involved in your child's education and always encourage daily effort, having good character traits and meeting school-wide expectations.

GO KNIGHTS!
