

2022-2023 Referendum Pay Adjustments

Passage of the Manatee tax referendum (Referendum) has allowed the School District of Manatee County (SDMC) to increase daily student instructional time by 30 minutes. The Referendum also affords SDMC the opportunity to become a competitive player in the marketplace for talent. Referendum-funded pay adjustments come in three forms:

1. Pay for Additional Worktime (initiated in 2018-2019)
2. Annual Supplements (initiated in 2018-2019 and adjusted in subsequent years)
3. Hourly Pay Adjustments (initiated in 2018-2019)

Most employees who are ineligible for referendum-funded annual or hourly rate adjustments received an increase in pay beginning in 2018-2019, due to an increase in the workday. Please see the table below for further details.
