Citizens Keep an Eye on Spending, Cost, Timing

OVERSIGHT

A Citizens Financial Oversight Committee continues its work, **reviewing every dollar** spent and reporting back to the school board and general public.

This is not a tax increase.

It's a renewal of the referendum passed in 2018. Residents pay about \$23 a month for a home worth \$300,000 (less homestead exemption).

THE COST

The school board must know if voters approve the renewal in November in order to **secure the dollars for the 2022-23 school year**. Future renewals will be on general election dates, which means the next renewal is November 2024.
