

REFERENDUM RENEWAL FOR MANATEE SCHOOLS

Your support is making a difference.

Referendum Dollars Keep District on Successful Track

IT'S WORKING! Referendum dollars are making a difference in the lives of our students, teachers and community. Academics are improving, teachers and other instructional employees are staying, and it strengthens Manatee County's largest employer (more than 6,000 employees).

PLANS FOR THE FUTURE

District leaders provide a clear direction for the public to see, including a new District Strategic Plan, a 5-year Capital Improvement Plan and a comprehensive Instructional Technology Plan.

INNOVATION IN EDUCATION

Unique initiatives such as Woz-Ed Career Pathways, a Community Partnership School, Dual Language Programs, Career Academies and nationally-renowned Manatee Technical College, provide students with imaginative options and opportunities.

FINANCIAL STABILITY

The fund balance (reserve fund) surpasses state requirements and results in increases and A ratings from global credit rating agencies.

TANGIBLE IMPROVEMENTS

The district is climbing in state academic rankings and has dramatically reduced the number of low-performing schools.
