During the global pandemic in 2020, Manatee County gave families three options for learning modalities in the 2020-2021 school year (on campus, hybrid, and online learning). In order to accommodate these three modalities, many advanced courses were not offered. Courses marked with an asterisk were not available to students during this school year. For the 2023-2024 school year, full course offerings are available.

AP CAPSTONE DIPLOMA

Starting in the 2019-2020 school year, Braden River High School has been approved by the College Board to offer the AP Capstone Diploma program. The AP Capstone Diploma is an innovative diploma program that equips students with the independent research, collaborative teamwork, and communication skills that are increasingly valued by colleges.

AP Capstone students who have demonstrated outstanding college-level achievement in AP Seminar, AP Research, and four additional AP courses are proudly recognized for their achievements with this diploma.
