

School District of Manatee County Educator Certification (Charter School Handout)

The Office of Educator Certification within the Florida public schools is comprised of district personnel that hold the responsibility of providing certification information and related services to their administrators, educators, prospective educators, and other constituents. District certification employees are “partners” with the Bureau of Education charged with assisting in the navigation of the Florida Educator Certification processes. Certification Team members are trained professional personnel equipped to answer and explain current Laws and Rules governing eligibility for a Florida Educator Certificate and to carry out their statutorily authorized certification responsibilities. The Certification Office ensures that all educators within our county are compliant with Florida laws pertaining to educator certification. The team manager reviews credentials and determines eligibility for all open instructional within the district.

The team is committed to address, advice and answer your certification inquires:
