October 2, 2020

Dear Manatee County School Board Members and Superintendent Sanders,

The SAC committee of Haile Middle School has been made aware that at the next board meeting you will be discussing and voting on a capital expenditures that would make some necessary upgrades and improvements to our school's mechanical and physical infrastructure. Our school is an amazing learning environment with an excellent staff and our facility is starting to age and it could use some upgrades and improvements to help maintain the positive learning environment. Our school will be celebrating our 25 years anniversary next year and deserves to be updated. Thank you for your consideration on this matter.

Sincerely,

Dave Morgan  
SAC Chair Haile Middle School
