

Dear 5th Grade Parents,

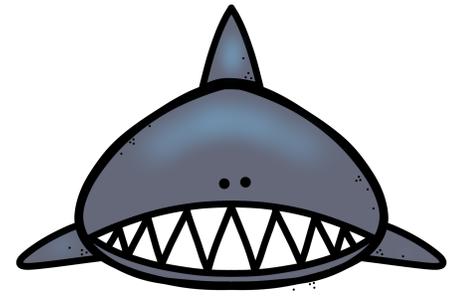

The yearbook is a wonderful opportunity for children to reflect upon their time at Barbara Harvey Elementary. We have a few special pages dedicated to the 5th grade class. One of these is a section where parents will have the opportunity to write a special message to their 5th grade student. The intention is to write a congratulatory message for your child as they head off to middle school.

We invite you to use this link to write your dedication.

Your child will be able to read their personalized message when they receive their yearbook in May.

Please keep the message limited to **no more than 260 characters** (this includes spaces) so we have enough room to include our entire 5th grade class of 2022. If we receive messages with more than 260 characters, the yearbook staff will revise the message to fit the allotted space. Only 1 message per student will be published in the yearbook.

Dedications must be received before FRIDAY April 15th. Be sure to complete all parts of the survey before 4/15 to be included in our 21/22 yearbook. Please contact me if you have any questions. Cristina McCrone mccrone2c@manateeschools.net
