

SCHOLARSHIP TIPS

[BRHS College & Career Website](#)

Contact Mrs. Hedgepeth with questions.

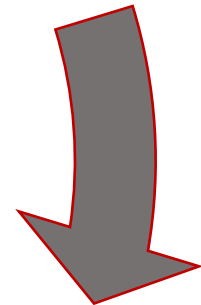

Search

Check the website often.
Read the requirements and apply to as many as you can.
You might be just the candidate they are looking for.
Look at *Fastweb* - a national scholarship web page.

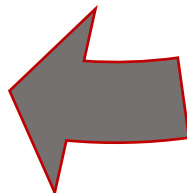

Gather

Get copies of transcripts, letters of recommendation, community service hours, etc as required by each scholarship.
DO NOT wait until the last minute. This is a process.

Complete

Take your time with each application. Write neatly. Put extra thought into your answers. Make sure you have included all information they have asked for. i.e. attachments, pictures, etc. **Know the deadlines** and plan ahead.

Repeat

Keep looking for more. New scholarships are posted often.
Use other resources such as your parents, your employer or your coaches, they may know of opportunities for you.
