Approval of Minutes

Last meeting was an emergency voting meeting, no meeting minutes were reviewed.

Principal's Update

- The students have finished PM2 (round 2 of state testing). We are right where we're expected to be. 3rd grade is right at the edge for the final round. The teams are coming up with strategies to help get the students to the final next level.
- Update on the VR
 - They are currently painting the room, expected completion in March.
- District has agreed to start a computer science curriculum. The school will receive a grant next year. The focus will be on programming devices, included air and water drones. Haile will also become a feeder school for Freedom Students to continue the develop and progress.
- Update on letter sent to district:
 - We have not received an update; a second letter may need to be sent.
 - The school has some extra money that we could use for the netting to go around the little kids' playground and possibly adding the logo.
 - The extra parking lot has been nixed but the sidewalk for safety has been left in.

Next Meeting

Tuesday, April 23, 2023, 6:00 pm - Freedom Elementary School Cafeteria

Motion to adjourn was made by Melanie Stern at 6:09 pm with a unanimous 2nd.
