Testing Review - Still in the middle of testing. ELA testing has been completed. 3 more days of 8th grade math testing, Algebra and Geometry EOCs, then Civics EOC. Confident that the school grade will be at least a 'B,' based on predictions of benchmark testing.

Wrapping Up the School Year - End of year trips coming up as well as 8th grade graduation. We were Channel 8 News School of the Week a while back. Cambridge Program enrollment is going well. There has been misconceptions that it requires more work. The kids going to which ever high school in advanced programs, our students will be well-prepared. Class sizes for Cambridge Program are more flexible for middle school.

What's Ahead for BCMS in 2018-2019 – Numbers are up for next year. At least 200 more students. A few portables were installed last week and power supplied to them. It affected Building 2 (power and air). When number of students increase, we have more to offer students (electives and other programs). We are back to paper testing for next year.

The meeting was adjourned at 6:35 pm with a motion from Ally Bergmann. It was seconded by Eddie Hernandez.
